

## Advocacy Leadership Role

People with Learning Disabilities

Windsor and Maidenhead

Bracknell Forest

User Led Organisation

Slough

***Members of United Voices user led organisation have access to self, peer and citizen advocacy and support. Current reforms of health and social care services to be 'person centred' require changes to the way we supply statutory funded services in the future.***

### The Role is to

Develop advocacy and support services to help members to set up and use personal budgets to enable them to develop self confidence so they can exercise choice to make their lives more fulfilling and play a larger role in the community

Support members in their efforts to ensure that the whole community is accountable for providing a safe environment

Communicate with funders and service providers on plans and progress of the services

Analyse proposed health and social care policies affecting people with learning disabilities and lead members in responses to consultations and other reports designed to influence policy

### The Person will be able to

Demonstrate the ability to communicate very well with members and with a wide range of stakeholders

Show adequate and relevant knowledge and experience of current working practices in Health and Social Care

Be passionate about leading members with learning disabilities to build a meaningful and independent User Led Organisation

Use modern office technology effectively

Use their own car for travel in East Berkshire

### Contract

9 months with prospects for renewal  
Suitable for Job Share

Annual salary in the region of £22,000
